Invitation for Sponsorship and Exhibition

The 2024 International Conference on Advanced Robotics, Control and Artificial Intelligence (ARCAI 2024) provides an international premier forum for leading academic scientists, researchers and engineers to exchange and present latest research developments and outcomes on all aspects of advanced robotics and mechatronics, control systems, renewable energy and power electronics, industry 4.0 and artificial intelligence. Particularly, it not only welcomes those emerging methodologies and techniques which bridge theoretical studies and applications, but also includes the practical concerns and challenges encountered and potential solutions in their industrial scenarios. All the exhibitors will gain access to a particular Industry Forum to showcase their commercial products and Student Forum to promote available and future career opportunities at their companies.
